Your business IT in sync

a&n 25 YEAR ANNIVERSARY

The Problem ...

Your business needs Cyber Essentials Accreditation; www.cyberessentials.ncsc.gov.uk

You either don't have the time or the expertise to get it implemented in a timely manner. Cyber Essentials Accreditation can be a minefield if you aren't sure what you are doing.

The Solution ...

Here at A & N Business Computer Systems Ltd we specialise in providing IT solutions for SME's. In conjunction with helping a number of our clients achieve this accreditation and using industry recognised leading edge tried & tested solutions, we have developed CEaaS.

CEaaS makes best use of our wealth of security experience and significant technical expertise to quickly identify and address all the areas of your IT security that need improvements in order for you to achieve Cyber Essentials Accreditation.

Whether it's standard Cyber Essentials or the advanced Cyber Essentials Plus Accreditation you are after – we are well placed to help you.

The Costs ...

In order to give you an accurate cost for our involvement in helping you submit a Cyber Essentials Accreditation application, we will need to know quite a lot about your IT. But typically CEaaS costs for an SME employing 25 are between £750 and £1,250.

Call To Action ...

Don't wait & watch all your competitors get this accreditation – this is a great "kitemark" that will impress your customers and demonstrate that your business takes cyber security and data protection seriously.

Unless you are comfortable with doing computer and software audits, implementing security policies and writing IT procedures, achieving this accreditation isn't going to be an easy process. Rather than soak up many days of your valuable management time, leave it to the experts and hand the job over to us. Quickly, effectively and efficiently we'll get the job done.
